

2018 Stabilizer Lounge

Electronic Stabilizers - Support Systems - Steadicam™

February 17th, 2018 lake Starnberger See, south of Munich, Germany

The Stabilizer Lounge is an open event for everyone who is interested in the newest professional electrical and mechanical stabilizing devices.

Operators who own different stabilisers like:

AR, MöVi, Trinity, Ronin, Maxima, Flowcine...

present and talk about their reason why they have bought it and how they use it for their work.

Furthermore everybody is allowed for **hands on each device**

Let's get together, talk and discuss about how usefull each device

is for the different style of creative picture composition

...finally a lounge!
